REPORT

CHILD ABUSE AWARENESS CLASS AT AMLP SCHOOL MULLIAKURSSI

In a commendable initiative to address the critical issue of child abuse, Al Jamia Arts and Science College, in collaboration with its Internal Quality Assurance Cell (IQAC), organized an informative awareness session for the students of AMLP School, Mulliakurssi, on March 2, 2020. The session aimed to educate and empower young minds about the dangers and signs of child abuse, fostering a safer and more informed community.

The class was led by Aysha Neha, a dedicated first-year student from Al Jamia Arts and Science College, who took the initiative to spearhead the session. She was accompanied by four other college students who contributed their insights and knowledge to the discussion. The team of student facilitators engaged the AMLP School students in an interactive and enlightening manner, using a variety of educational tools and real-life scenarios to illustrate the seriousness of child abuse and its prevention.

Throughout the session, the students from AMLP School were introduced to crucial concepts such as identifying abusive behavior, understanding their rights, and knowing where to seek help if needed. The class also included role-playing activities and open discussions, which encouraged students to ask questions and express their concerns in a supportive environment.

The awareness class was met with positive feedback from both the students and faculty of AMLP School, highlighting the effectiveness of peer-led education in addressing sensitive issues. This initiative underscores the commitment of Al Jamia Arts and Science College to fostering social responsibility and raising awareness on important societal concerns.
