REPORT

REFINED TWO NATURAL WATER RESOURCES

Under the aegis of the National Service Scheme (NSS), students from Poopalam Al Jamia Arts and Science College recently participated in a transformative camp at PTM AUP Mulliyakurussi, aimed at refining natural resources for the benefit of the community. Guided by the dedicated programme officer, Mr. Salih. V, the students demonstrated both their social commitment and remarkable efficiency in their tasks.

The camp commenced with the refining process of the first pool on December 24, 2018. Within a span of just two days, the students successfully completed the task, showcasing their dedication and teamwork. The meticulous approach and tireless efforts put forth by the students were evident throughout this initial phase.

Following this accomplishment, the second pool's refining process commenced on December 28, 2018. Despite the holiday season, the students continued their efforts wholeheartedly and managed to complete the cleaning process within a mere one and a half days. Their efficiency in handling the tasks not only underscored their technical skills but also highlighted their commitment to community service.

Mr. Salih. V, the programme officer overseeing the camp, provided invaluable guidance and support to the students throughout the process. His expertise and encouragement played a pivotal role in motivating the students to deliver their best performance.

The initiative taken by the students of Poopalam Al Jamia Arts and Science College exemplifies their proactive approach towards societal issues and environmental conservation. By refining these natural resources, they have not only contributed to the local community but also set a commendable example for their peers and future generations.

Recognizing their exceptional efforts, the college principal, Mr. Riyas A.P, expressed his heartfelt appreciation for the students. He commended their dedication, emphasizing the importance of such initiatives in nurturing responsible citizens and instilling values of service and leadership among the youth.

The NSS camp at PTM AUP Mulliyakurussi not only provided a platform for practical learning but also fostered a spirit of camaraderie and social responsibility among the participating students. Their successful completion of the refining processes serves as a testament to their capabilities and their commitment to making a positive impact on the community.
