### Areas for Improvement

1. Aligning the curriculum more closely with industry requirements.
2. Enhancing resources and guidance for self-learning.
3. Improving ICT training programs and communication skills development.
4. Providing better support for time and resource management.
5. Increasing opportunities for practical training and internships.

### Action Taken

1. Curriculum Alignment: Reviewed and updated the curriculum to include more industry-relevant topics and collaborated with industry professionals for guest lectures and workshops.
2. Self-Learning Resources: Introduced more self-learning modules, promoted the use of online learning platforms, and encouraged self-directed projects and research.
3. ICT Training: Expanded ICT training programs, integrated more ICT-related coursework, and provided additional support for alumni struggling with ICT skills.
4. Time Management Support: Organized time management workshops, provided alumni with tools and techniques for better resource management, and implemented a mentorship program to help alumni manage their workload effectively.
5. Practical Training: Enhanced internship and practical training programs, fostered partnerships with local businesses for real-world project opportunities, and integrated more case studies and practical examples into the coursework.

### Conclusion

The actions taken based on the alumni survey results have been aimed at improving the overall educational experience and addressing the areas of concern highlighted by the alumni. Continuous efforts will be made to monitor the effectiveness of these measures and make further improvements as needed.
