Respected Sir,

I am writing to you Inform that, we conducted a comprehensive Alumni Feedback Analysis for the academic year 2018-19, which highlighted both strengths and areas for improvement in our curriculum.

Based on the feedback received, we have developed an action plan to enhance our educational offerings, which includes the following key actions:

- Enhancing practical skills integration through more hands-on projects.
- Establishing a review process for frequent syllabus updates.
- Partnering with local businesses for increased internship opportunities.
- Revising course structures to introduce greater flexibility.
- Collaborating with international educational institutions to align our programs with global standards.

Thank you for your continued support and collaboration. I look forward to your positive response.

Warm regards, -
