Subject: Request for Actions Taken Based on Alumni Feedback Analysis 2021-2022

Respected Sir,

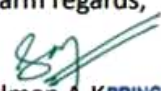

I am writing to you on behalf of Al Jamia Arts and Science College. Recently, we conducted a comprehensive Alumni Feedback Analysis for the academic year 2020-21

However, the survey also highlighted some areas needing immediate attention. Specifically, we identified the following critical actions :

- **Enhance practical application aspects.**
- **Increase focus on emerging industry trends and technologies.**
- **Provide more hands-on project and internship opportunities.**
- **Improve flexibility in course content.**
- **Strengthen alignment with global standards.**

We believe that these proactive actions will significantly enhance our student's professional development and support their success in the workforce.

Warm regards,

Salman A.K. PRINCIPAL
