Subject: Request for Collaborative Improvement Based on Employer Feedback

Respected Sir,

I am writing to share the feedback we received from employers concerning the performance of our alumni who are currently employed within their organizations following a recent survey conducted during the 2020-2022 period.

The response was largely positive, with many employers rating our graduates' competencies and performance as "Excellent." Strengths identified include their contributions to organizational goals, teamwork, and effective problem-solving skills.

However, the survey also highlighted some areas needing immediate attention. Specifically, we identified the following critical actions :

1. Addressing gaps in how effectively the curriculum prepares students for real-world applications and workplace demands
2. Workshops and Training Programs
3. Mentorship Programs
4. Implement a structured feedback mechanism to regularly gather

Thank you for your continued support and collaboration. I look forward to your positive response.

Warm regards,

Riyas A.P.
