Subject: Submission of Action Taken Report on Feedback for 2024-25

Respected Sir,

I'm delighted to share the Action Taken Report for 2024-25, which is based on feedback from 2023-24 employers, teachers, alumni, and students. Initiatives to improve education quality and establish a supportive learning environment are described in this study.

The following actions have been implemented:

1. Emphasize critical thinking, problem-solving, communication, and technical skills via workshops and practical training.
2. Improve certificate courses to boost competencies, employability, and encourage greater student participation.
3. Increase seminars, workshops, and industrial visits to foster creativity and practical insights for all.
4. Provide resources, technical support, and professional development to enhance faculty teaching and growth.
5. Maintain campus cleanliness, infrastructure, greenery, and recreation for an eco-friendly, welcoming learning environment.
6. Strengthen problem-solving, leadership, and teamwork skills for industry readiness through comprehensive training.

These actions demonstrate our dedication to quality and our commitment to fostering a positive educational experience for all stakeholders.

Warm regards,

Principal
