AL JAMIA ARTS AND SCIENCE COLLEGE

About Us

Al Jamia Arts and Science College stands as a center of academic excellence, innovation, and holistic development. Established in 2010, the institution is affiliated with the University of Calicut, recognized by the Government, and approved by AICTE, reflecting its commitment to quality and credibility in higher education. Accredited with a NAAC B++ Grade and certified under ISO 9001:2015, the college upholds high standards in teaching, learning, and institutional practices. Nestled within a serene 50-acre eco-friendly campus and honored with an 'A Grade' by the Haritha Keralam Mission, Al Jamia provides a nurturing and inclusive environment that promotes both intellectual growth and environmental consciousness. With a strong focus on academic rigor, ethical values, and personal development, the institution empowers students to evolve into confident, responsible, and forward-thinking individuals, making education at Al Jamia a transformative journey beyond the classroom.

The National Commission for Minority Educational Institutions, Government of India, has granted minority status to the institution, reaffirming its commitment to inclusivity and equitable access to quality higher education. Strategically located near Painthalmanna town along the Nilambur-highway Road, the college offers a serene and accessible setting conducive to academic pursuits. As a fully residential campus, Al Jamia provides well-maintained hostel facilities for both girls and boys, ensuring a safe, disciplined, and value-based living environment that supports students' holistic development. With a strong emphasis on character formation, social responsibility, and global outlook, the institution is dedicated to nurturing competent individuals who are prepared to emerge as responsible professionals and future global leaders.

Our Vision

To provide value based education to enrich, enlighten and empower the young generation to become the leaders of the future

Our Mission

To emerge as an academic institution for modern arts and science education, setting a standard for the finest in the world

Infrastructure

The college library offers a well-curated collection of academic books, journals, reference materials, and digital resources to support learning and research. A quiet and student-friendly reading environment is provided to encourage academic excellence and independent study.

The AI Lab is equipped with modern computing facilities to support hands-on learning in artificial intelligence, machine learning, and data analytics. It provides students with practical exposure to emerging technologies through skill-based training and project development.

The institution provides ICT-enabled classrooms equipped with modern teaching aids to enhance interactive and technology-driven learning. These smart classrooms facilitate effective knowledge delivery through digital presentations, multimedia resources, and online learning tools

The institution has a dedicated conference hall designed for academic meetings, discussions, and administrative sessions.

The college features a well-equipped seminar hall with a seating capacity of 200, designed to host academic programs, workshops, conferences, and guest lectures.

The college features a spacious amphitheatre that serves as a vibrant venue for cultural events, student activities, and institutional gatherings.

A well-maintained sports ground promotes physical fitness, team spirit, and overall student well-being. The facility supports various outdoor sports, training sessions, and intercollegiate competitions.

The college is equipped with well-maintained science laboratories that provide students with practical exposure and hands-on learning experiences. These laboratories are designed to support academic excellence, research activities, and skill development across various disciplines.

OUR FLAGSHIP PROGRAMMES

LEADER'S ACADEMY & COMPETEX

Leaders' Academy is an exclusive training initiative designed for selected students to develop leadership abilities, communication skills, personality enhancement, and a global perspective. The programme focuses on shaping students into competent individuals prepared to take on future professional and social leadership roles.

Competex is a specialized coaching programme that prepares students for competitive examinations such as Kerala Public Service Commission, National Eligibility Test, Junior Research Fellowship, Civil Services, and other national-level examinations.
